## ***Itinerary***

### **Day 1**

#### **Ararat Valley**

The tour starts in Yerevan with pre-tour briefing with organiser and other tour participants. From the set up on Ararat Highway, begin a 30 km ride to Khor Virap Royal Prison. Climb to the top of the hill behind the monastery, presumably the site of Artashat, ancient Armenian capital. Fantastic photographic moments, the ascetic silhouette of the monastery with Mount Ararat in the background - perhaps the most famous photo of Armenia. Short transfer to Zangakaturun, the highest point of Tugh Manuk pass (1,795 m). Get on the bikes and start downhill ride to reach Yeghegnadsor, the largest city of Vayots Dzor province. Transfer to guesthouse, a great place to hang around, swim in the pool or relax with a glass of cold beer under plum trees (ride app. 55 km). Welcome dinner at a small restaurant featuring local delicacies of the agricultural heart of Armenia, Vayots Dzor.

**Overnight:** *Guesthouse in Yeghegnadsor*

**Meal plan:** *Breakfast, dinner*

### **Day 2**

#### **Sightseeing on Two Wheels**

After an early wholesome breakfast we get the bikes out and go sightseeing on two wheels. A gentle morning warm-up ride takes us downtown, we continue through surreal gorge of Noravank exquisitely dressed in wild flowers and red rocks of strange forms. The gorge is dominated by magnificent Noravank Monastery, the masterpiece of Momik, Armenia's famous medieval architect. Afternoon visit to Areni Wine Market, an ideal place to enjoy exceptional local wine, honey and fruits. Back to Yeghegnadsor for overnight (ride app. 55 km).

**Overnight:** *Guesthouse in Yeghegnadsor*

**Meal plan:** *Breakfast*

### **Day 3**

#### **Gates of Syunik**

The route today is quite long so is broken into a couple of riding stretches with transfers. Following an undulating country road through the foothills we are now heading to Syunik, the southern edge of Armenia. Short transfer from Saravan to Gates of Syunik and it's time to pedal your bike again! Enjoy the delight of 50 km ride, descending through landscape that contrasts so dramatically with what you saw yesterday. Do not miss your chance of buying fresh fruits or simply chatting with locals at Tsg huk farm. And in case you are tired remember the vehicle backup is there, otherwise ride straight to your hotel in Sisian. You can relax at hotel bar before spending the evening sharing a meal with your group. If you can drag yourself away from the restaurant, you can cycle to the local church to watch rare microscopic paintings on rice and hair! Optional cycle to graceful Shaki waterfall. (ride app.50 km).

**Overnight:** *Hotel in Sisian*

**Meal plan:** *Breakfast*

### **Day 4**

#### **Legendary Tatev**

Early breakfast and a 15 km ride leads us down the valley through restful pastoral scenery to ancient observatory of Karahunj. Back to tarmac and on to Tatev, UNESCO World Heritage Site. Cycle 25 km and back to off-road again, pass Shinuhayr with its surprisingly huge shoe factory, continue through a narrow ravine so deep that the sun hardly reaches its bottom. Stop at Devil's bridge to fill your bottles with healing mineral water and swim in the steaming pool. Reach Tatev - as you see the Monastery you will appreciate what has drawn people to this sacred place for hundreds of years. It can be a hard day but the vehicle support will be on hand if required for a four-wheeled break. Back to Sisian for overnight (ride app.60 km).

**Overnight:** *Hotel in Sisian*

**Meal plan:** *Breakfast*

### **Day 5**

#### **Great Silk Route**

Early morning cycling takes us away from the mountains of Syunik into an arid region as we traverse Selim pass (2,410 m). Stop and get packed lunch at a village market, continue the road gradually climbing up to 2,410m in elevation following the historic Silk Route past Selim Caravanseray. This is one of the best places to see what fabled Silk Route looked like centuries

ago. As we cycle down, we pass high country sheep stations and get into unsurpassed views of Lake Sevan. By vehicle and cycle we reach Lake Sevan and enjoy a superb final lakeside track taking us to our hotel (ride app. 70 km).

*Overnight: Hotel at Lake Sevan*

*Meal plan: Breakfast*

## **Day 6**

### **Little Known Armenia**

Get on your bikes and head north from Shorzha, famous fishers' village. Today we get completely off the main tourist tracks and explore the eastern edge of Armenia, picturesque Tavush. By cycle and vehicle we gradually climb the picturesque pass (2,176 m) to get to Getik Valley for the last ride uphill to Chambarak (around 20 km). Have rest and lunch and continue to reach Berd - unparalleled views as your bike tours through thick forests with dramatic gray cliffs soaring above you. A final 30 km of downhill rush with long sweeping corners will bring you to Ijevan, a small town of quaint appeal with its quiet, cypress-lined streets. Your vehicle will meet and deliver you to your accommodation (ride app. 65 km).

*Overnight: Guesthouse in Ijevan*

*Meal plan: Breakfast*

## **Day 7**

### **Ancient Shrines**

Out from Ijevan on our bikes, we head to the highway and off to romantic Lori. The landscape here is an attractive patchwork of verdant pastures and woodlands. On beautiful sealed roads with lush forest lining the roadside we ride to Noyemberyan. Cycle another hour to reach sleepy Alaverdi hidden in scenic Lori Gorge. The lattice of quiet lanes and tracks follows Debed river and climbs into the hills to explore the enchanting countryside and ancient shrines. Our accommodation for the evening is in Alaverdi, once a mining town (ride app. 70 km).

*Overnight: Guesthouse in Alaverdi*

*Meal plan: Breakfast*

## **Day 8**

### **Local Villages and Hospitality**

Transfer to the highway leading to Vanadsor. Today's route stays away from the main road and follows less direct but quieter series of back roads to allow us to experience the rural life of Armenia. Our passing encounters with friendly locals in small villages of Akori, Aygehat and Vardablur may leave us with some of our strongest memories. At the east end of the last village, the road leads us to half-ruined 6<sup>th</sup> century church. Finally you are in Kurtan and from here the paved road gradually descends east along the side of the gorge. Cycle straight to your hotel or use the support vehicle for this final leg (ride app. 70 km).

*Overnight: Hotel in Vanadsor*

*Meal plan: Breakfast*

## **Day 9**

### **In the Shadow of Mount Aragats**

Our day starts with cycling at 1,350 m between Pambak mountain range to the south and Bazum range to the north. Both ranges exceed 3,000 m above sea level. We will cycle to the west of Vanadsor, reach the main road to follow Debed river and pass by the town of Spitak, the epicenter of 1988 earthquake. As we head deep into the mountains, today's route is dominated by Mount Aragats, the highest peak of Lesser Caucasus (4,090 m). This is an area of stunning natural beauty. In the afternoon we reach Ashtarak, an area famous for its superb fruits. From here strong riders can cycle straight to the hotel in Yerevan and support vehicle can pick those who want an easier option to reach the city (ride app. 70 km).

*Overnight: Hotel in Yerevan*

*Meal plan: Breakfast*

## **Day 10**

### **Yerevan**

Today is a rest day for a chance to explore Yerevan. There are many options available on this day, wandering in the red rose streets of old center, sampling a light snack at the busy outdoor terraces at the Opera Square, visiting Vernisage, the best place in Caucasus for souvenir shopping, taking a tour in the cellars of Yerevan Brandy Factory and many more.

*Overnight: Hotel in Yerevan*

*Meal plan: Breakfast*

## ***Tour Notes***

### **1. Special notes**

The information in these Special Notes covers the average range of conditions likely to be found on this trip. In remote destinations unexpected conditions can prevail at any time, and all adventurous holidays can therefore be subject to unexpected changes; in order to enjoy them you should be prepared to be flexible where necessary.

### **2. Travel health and insurance**

No vaccination is required for traveling in Armenia. The country's climate is very pleasant, with no health risks. Water in Armenia is very clean and safe. However, travelers usually prefer bottled spring and mineral water, which can be found in shops and supermarkets. There are registered pharmacies in all cities and towns with all basic medications. Travelers with special needs are advised to take a supply of those medications that they are likely to require. Medical facilities are numerous with many qualified doctors practicing in all specialties. Doctors and hospitals often expect cash payment for their services. Travelers are advised to consult their medical insurance company prior to traveling to confirm whether their policy applies overseas and covers emergency expenses such as medical evacuation. Also please ascertain whether payment will be made to the overseas healthcare provider or if you will be reimbursed later for expenses incurred. When selecting a travel insurance policy we require that it cover medical expenses including emergency repatriation and personal liability. We also strongly recommend that the policy cover loss of luggage and personal effects.

### **3. Cycling grade**

The roads used for this tour are country roads between villages and little towns, quite peaceful, sometimes without cars, often used by carts and herds. Quiet tarmac roads are used where necessary. If weather conditions are poor we may use alternative sections to avoid muddy routes. And remember, all roads are either up or down, there are simply no flat roads in Armenia. You ride with fellow travellers, carrying only what you need for the day. The support vehicle will carry your bags.

This trip is classified "Road", grade A, 9 days of cycling, average 60km/day, 100% vehicle support.
